OUTLOOK

Dinesh Himatsingka - Managing Director

Dear Shareholders,

It gives me great pleasure to report that the Company continued to grow during fiscal '13. We witnessed strong organic growth across our manufacturing, retailing and distribution businesses.

We continue to pursue our philosophy of embracing operational excellence, adhering to best practices and thinking ahead in order to be a global leader in our industry. I am happy to see that we continue to take various initiatives that help us align with our philosophy.

Our initiatives have included the successful implementation of SAP ERP across all our manufacturing and retail locations in India. The new platform has significantly enhanced integration and cohesiveness between operational and financial verticals.

Our focus on providing a world class work environment for our employees continues. We have strived to ensure that our Human Resource practices are benchmarked to global standards. During fiscal '13, the Company received accolades and recognition at various fora in India and internationally - among them are the Asian CSR Leadership Award in the category of "Developing Sustainable Strategies" awarded by the Asian Confederation of Businesses and "Best of Breed HR Showcase Award" at the National Annual Conference of the NHRD - National Human Resource Development Network.

FINANCIAL HIGHLIGHTS

The consolidated financial performance for fiscal '13 was credible given the challenging and volatile economic environment globally. Consolidated revenues grew 18.6% to Rs. 1,698.41 crores as compared to Rs. 1,431.62 crores in the previous year. The relative stability in critical raw material inputs coupled with higher realizations and revenue growth helped our EBITDA to grow by 13% to Rs. 166.84 crores as compared to Rs. 147.62 crores in the previous year. Profit After Tax grew by 73.4% to Rs. 57.32 crores as compared to Rs. 33.06 crores in the previous year.

RETAIL AND DISTRIBUTION

During fiscal '13 the Company continued to consolidate its market presence in North America (United States, Canada and Mexico). Revenues from these geographies across brands and private label portfolios grew by 22.1%.

In India/Asia, the retail and distribution activities as represented by the Atmosphere brand saw revenue growth of 7.9%. This division which currently has 14 stores, has been focused on building its product portfolio and enhancing global reach through its e-commerce platform "atmospheredirect.com". The platform which offers the entire range of products including drapery, upholstery, bedding and other accessories

is available across 35 countries and will give the brand visibility over time.

In Europe however, our brand Bellora continues to witness serious headwinds given the economic circumstances in the European region. Revenues declined 23.7% during fiscal '13. Efforts are on to extend the brand's presence across new geographies including North America, the Middle East and China. We expect to see some positive results in the future.

MANUFACTURING

With a current installed capacity of 25 million meters per annum (m.m.p.a) across bedding, drapery and upholstery products, the Company saw satisfactory growth in overall manufacturing revenues. Revenues from manufacturing activities grew 10.82% to Rs. 727.55 crores during the fiscal as against Rs. 656.52 crores during the previous year. We remain focused on further enhancing our capacity utilization levels while optimizing our product mix and realisations.

FUTURE OUTLOOK

The Himatsingka model of being integrated across the value chain has given us an edge in our industry. We will stay focused on strengthening our manufacturing capabilities in the form of capacities, technologies, R&D skills and design and product development expertise.

On the retail and distribution front, we are focused on enhancing our share of global shelf space and building our portfolio of brands which currently include some of the most sought after names in home textiles. We are also committed to enhancing global reach, measured by the number of points of sale and markets that we cater to.

As I have shared in my earlier communications, the various initiatives that we have spoken about should aid in delivering stronger operating and financial performance, thereby driving shareholder value.

DIVIDEND FOR 2013

Your Company has always prided itself on its dividend paying record. In line with the encouraging financial performance this year, the Board of Directors has recommended a dividend of 20% to its Shareholders.

In conclusion, on behalf of our Board of Directors, I would like to thank our employees for their efforts and our Shareholders for reposing their trust in the Company. We look forward to your continued support as we forge ahead together.

Thank you.

MANAGEMENT DISCUSSION AND ANALYSIS

Global Textile Industry

The Global Textile & Apparel trade is estimated at USD 700 Billion and is an integral component of Global Trade.

Over the years, there has been a marked shift of textile manufacturing activities to the East, thus making developed economies major consumption centers for products manufactured in the Eastern Hemisphere. However, in addition to being major manufacturing hubs for the Global Textile Industry, emerging economies such as India and China have also become major markets for textile products. The growth being witnessed in major emerging market economies will give an impetus to the overall growth of Global Textile & Apparel trade through 2020.

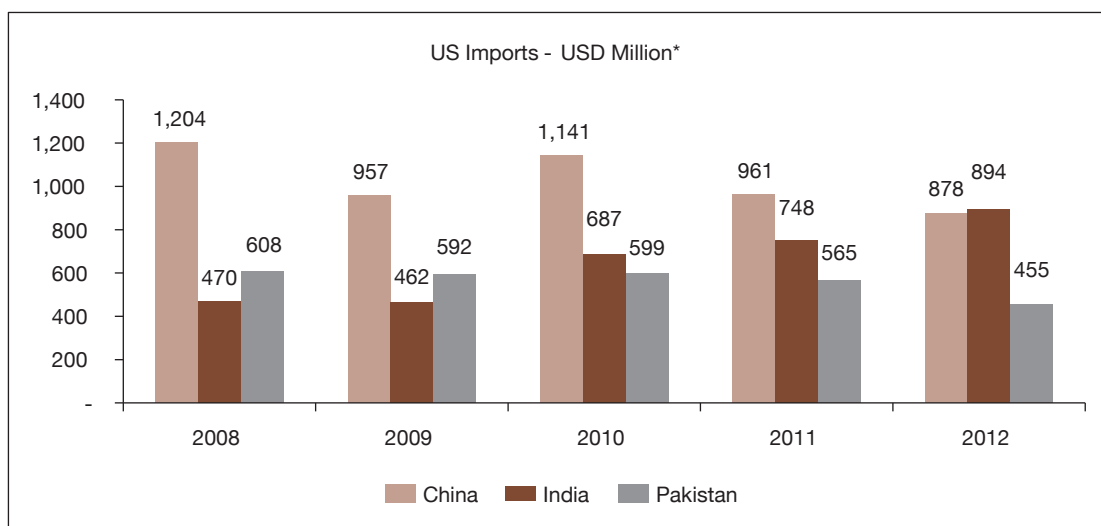

Global Home Textile Scenario

The USD 70 Billion (estimated) Global Home Textile market is about 10% of the Global Textile & Apparel trade and is estimated to be growing at a CAGR of 3 to 5%.

While the BRICS nations and other emerging economies are seeing heightened demand for Home textile products, given the disposable incomes, urbanization and increasing population, the United States continues to be the largest market for Home Textile products.

The size of the United States Home Textile market is estimated at USD 28 - 30 Billion. While Bedding and allied products account for close to 35% of this market, other categories such as Bath, Drapery, Upholstery and Decorative accessories including Kitchen products account for the rest. The mature and consolidated Home Textiles segment in the United States is dominated by major retailers. The top 50 retailers in context to their revenues from Home Textile products account for a throughput of approximately USD 23 Billion. (Source: Home Textiles Today)

The sourcing of Cotton Home Textile products for the large US market is predominantly from China, India and Pakistan, among other countries. India's share of US imports of Cotton based Home textile products has been on the rise. Import of Cotton Bedding (Sheets, Pillow Cases and Bed Spreads / Quilts) from India in particular has seen healthy organic growth compared to China and Pakistan.

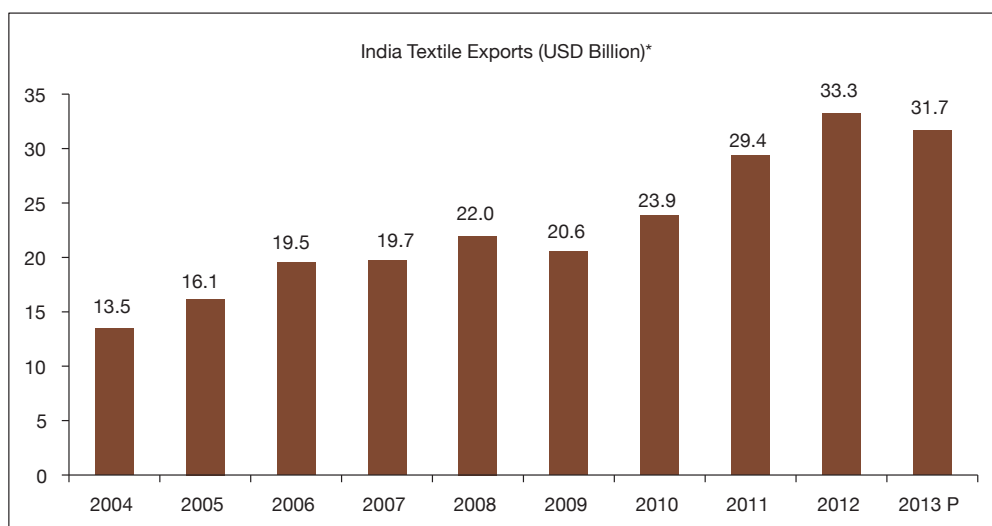

*(Source: OTEXA, Department of Commerce, United States of America)

Indian Textile Scenario

With a contribution of close to 4% of GDP, direct employment base of 45 million people and a close to 11% share of India's exports basket, the Indian Textile Industry is poised to play an important role in the economic development of the country.

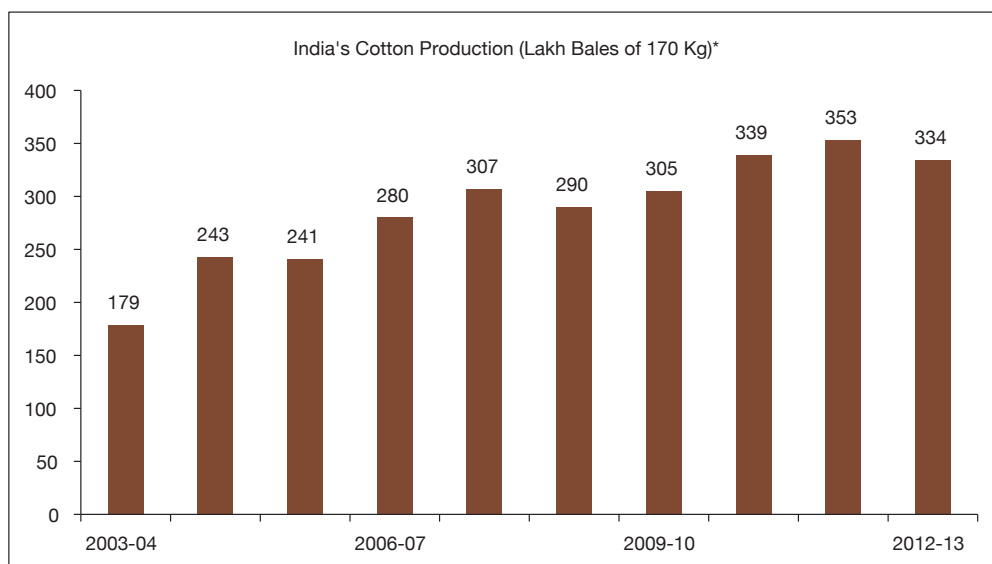

India's total apparel and textile industry (Domestic + Exports) for the year 2011 is estimated at USD 88 Billion. This is projected to grow to approximately USD 140 Billion by 2016 and to USD 220 Billion by 2021, driven by both the Domestic and Export segments. While Exports are likely to grow from approximately USD 29 Billion in 2011 to USD 82 Billion in 2021, the domestic industry is projected to grow from USD 58 Billion, to USD 141 Billion during the same period. (Source: Technopak Report 2012)

*(Source: Ministry of Textiles, Government of India)

The thrust on textile exports assumes importance given India’s manufacturing capabilities, expertise and access to a vast raw material base.

On the raw material front, India is the second largest producer of cotton in the world. With over 11 million hectares under cultivation and yields of approximately 490 - 500 kgs per acre, the total output of cotton is close to 6 million tons per annum. (Source: Cotton Advisory Board, India). This represents close to 25% of Global Cotton production projected at 25.01 Million tons (Source: ICAC). The strong domestic cotton spinning industry, with an estimated installed spindleage of close to 50 million helps India to be a competitive source of cotton yarn. In addition to cotton yarn, India also has a strong raw material base in the man-made fiber space.

Himatsingka Group - Operations Overview

Himatsingka Seide Limited (together with its subsidiaries, “the Group” or “the Company”) is a vertically integrated home textile Group that manufactures, retails and distributes bedding, bath, drapery and upholstery products. The Group operates two manufacturing facilities in India and retail and distribution businesses across North America, Europe and Asia.

On the retail and distribution front, North America (United States, Canada and Mexico) is the largest market for the Group. Revenues from North America stood at 84.6% of Consolidated Revenues of the Group. The Group has an extremely strong presence in the North American market through its subsidiaries DWI Holdings Inc. (DWI) and Divatex Home Fashion Inc. (DHF).

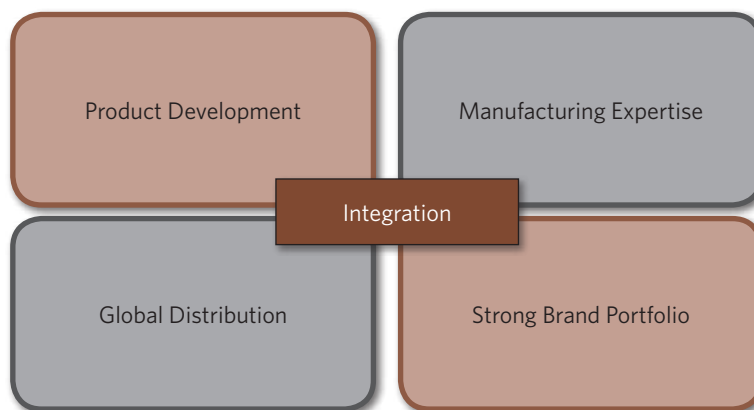

These subsidiaries cater to private label programs of major retailers and in addition to marketing their licensed and owned brands. The brand portfolio of the Group for the North American markets includes its owned brand Bellora and licensed brands Calvin Klein Home, Barbara Barry, Peacock Alley, Esprit and Waverly. The Group has amongst the strongest brand portfolios in the Home Textile space. The Calvin Klein Home brand is currently the second largest-selling bedding and bath brand sold through departmental stores in the United States.

The Group also has a strong presence in India and Europe through its Atmosphere and Bellora brands respectively. While in North America the Group is focused on servicing major retailers, in Europe and India/Asia, the Group operates exclusive stores for its brands. In addition, it reaches the end consumer through high end Multi Brand Outlets and Department stores.

With an installed capacity of 25 million meters, the Group is amongst the largest manufacturers of Bedding, Drapery and Upholstery products out of India. The manufacturing facilities are state-of-the-art and vertically integrated.

The Himatsingka Edge

The Himatsingka Group has continued to build on its vertically integrated model. During the Fiscal, the Group has invested in the four key areas it believes will strengthen its global leadership in the Home Textile industry.

- Our in-house design and product development capabilities are considered amongst the best in the world. With creative infrastructure across North America, Europe and India, the Group is equipped to churn out over 2000 new products annually.
- Our large capacities and state-of-the-art manufacturing facilities are equipped to handle over 20,000 SKUs in order to cater to the varying specifications of our global clientele.
- Through our international Retail and Distribution infrastructure, the Group services over 35 countries with the endeavor to expand its global reach.
- The strong portfolio of brands gives the Group an edge in tapping global shelf space to reach the end consumer. The retail fraternity and the end consumer are inclined to have marquee brands that enhance the shopping experience and drive potentially superior value propositions across markets.

Emerging Opportunities

With the growth in Global Textile & Apparel trade, several opportunities continue to emerge for the Group.

- The Group is seeing enhanced demand for its products and offerings in certain markets like North America and Australia driven by the positive economic environment that prevails in those geographies that in turn stimulates product demand.
- There is potential to tap new markets where the Group has negligible or no presence. With the current reach pegged at over 35 countries, there is scope to look at new markets where Home Textile product categories are seeing significant growth. This opportunity includes countries like India, China, Brazil among others.
- With the Group emerging to be a preferred vendor in several cases, there are opportunities to offer multiple product categories to clientele who are currently sourcing only a single category of product from the Group.
- We believe that the shift to the East in reference to manufacturing activities will continue, thereby positioning geographies like India to be desirable sourcing hubs catering to the growing global demand.

Internal control systems and their adequacy

The Company's internal control systems ensure proper safeguarding of assets, maintaining proper accounting records and reliable financial information.

An external independent firm carries out the internal audit of the Company's operations and reports its findings to the Audit Committee on a regular basis. Internal Audit also evaluates the functioning and quality of internal controls and provides assurance of its adequacy and effectiveness through periodic reporting.

The combination of policies and processes address the various risks associated with the Company's business. The Company periodically reviews the risk management framework to maintain its contemporariness so as to effectively address the emerging challenges in a dynamic business environment.

Risks, threats and concerns

The Company's risks, threats and concerns have been discussed comprehensively under the segment, Risk Management, later in this section.

Discussion on Consolidated Financial Performance

A summary of our financial performance for the year ended March 31, 2013 and 2012 is as follows:

Particulars	Rs. in lakhs		
	2012-13	2011-12	Change %
Total Revenue	169,841	143,162	18.6
Material Cost	110,059	90,755	21.3
As a % of revenue	64.8%	63.4%	2.2
Employee benefit expenses	17,183	15,007	14.5
Other expenses	25,916	22,638	14.5
EBITDA	16,684	14,762	13.0
Interest and finance charges	6,528	5,284	23.6
Depreciation	5,216	5,557	-6.1
Profit before exceptional items	4,940	3,921	26.0
Exceptional items	235	555	
Profit before tax	5,176	4,476	15.6
Profit after tax	5,732	3,306	73.4

Revenue analysis

Consolidated Revenue for the year increased by 18.6% to Rs. 169,841 lakhs.

• Manufacturing business

Revenues from the Bed Linen manufacturing business increased by 12.4%. The capacity utilization for the current year stood at 82%.

Revenues from the Drapery and Upholstery manufacturing business declined by 3.8%. The capacity utilization for the current year stood at 45%.

• Retail and Distribution business

Revenue from the distribution business in North America increased by 22.1%.

Revenue from the distribution business in Europe decreased by 23.7%.

Revenue from our 'atmosphere' brand increased by 7.9%.

Expenditure analysis

- Material costs stood at Rs. 110,059 lakhs during the year. Material costs as a percentage of revenue increased from 63.4% to 64.8% given the variance in product mix and the ratio of distribution revenue streams from North America as a percentage of Consolidated Revenues.
- Employee benefit expenses increased by 14.5% to Rs. 17,183 lakhs reflecting ordinary course inflation and increased manufacturing activities.
- Interest and finance charges increased by 23.6% to Rs. 6,528 lakhs due to foreign exchange translation impact on account of the rupee depreciation and additional borrowings during the year.
- Exceptional items include a gain of Rs. 356 lakhs on transactions against derivative contract and severance pay expenses of Rs. 121 lakhs.

Profitability analysis

- EBITDA increased by 13% to Rs. 16,684 lakhs. The EBITDA margins during the year were range bound and stood at 9.82%.
- The Consolidated Profit After Tax for the year increased by 73.4% to Rs. 5,732 lakhs.

Consolidated Financial Position

Our Financial position at the year ended March 31, 2013 and 2012 is as follows:

Particulars	Rs. in lakhs	
	31.03.2013	31.03.2012
Share capital	4,923	4,923
Reserves and surplus	58,635	51,923
Net Worth	63,558	56,846
Total borrowings	70,301	69,837
Deferred tax liabilities	648	1,116
Current liabilities	27,239	26,454
Minority interest	(1,998)	32
Total Liabilities	1,59,748	1,54,285
Fixed assets	46,311	49,713
Goodwill	53,263	43,132
Investments	328	1,301
Inventories	40,750	42,704
Trade receivables	6,722	8,171
Cash and cash equivalents	2,897	838
Loans and advances	9,477	8,426
Total current assets	59,846	60,139
Total assets	1,59,748	1,54,285

Analysis of Liabilities

- Total borrowings increased by Rs. 464 lakhs to Rs. 70,301 lakhs due to an impact of Rs. 1,872 lakhs on account translation of foreign currency loans at higher exchange rate. During the year, the Group borrowed Rs. 9,414 lakhs and repaid Rs. 10,822 lakhs.
- Deferred tax liabilities decreased by Rs. 468 lakhs to Rs. 648 lakhs during the year mainly due to reversal of liability recorded in the previous years.
- Current liabilities increased by Rs. 785 lakhs to Rs. 27,239 lakhs mainly due to increase in Trade payables, higher provision for Dividends including tax thereon and provision for tax by Rs. 1,842 lakhs, Rs. 580 lakhs and Rs. 474 lakhs respectively, compensated by settlement of a foreign exchange derivative from the provision of Rs. 2,133 lakhs made during the previous year.
- Minority interest of Rs. 1,998 lakhs is shown as a receivable from the minority since the minority has a binding obligation to and will be able to make good the losses made by the subsidiary.

Analysis of Assets

- Fixed assets decreased by Rs. 3,402 lakhs to Rs. 46,311 lakhs mainly due to the depreciation and amortization expense of Rs. 5,216 lakhs during the year.
- Goodwill increased by Rs. 10,131 lakhs to Rs. 53,263 lakhs mainly due to the acquisition of 20% shareholding in Divatex and the translation impact on account of rupee depreciation.
- Investments decreased by Rs. 973 lakhs to Rs. 328 lakhs mainly due to sale of mutual fund investments held during the previous year.
- Inventories and Trade receivable decreased by Rs. 1,954 lakhs and Rs. 1,449 lakhs respectively due to effective working capital management.
- Loans and advances increased by Rs. 1,051 lakhs to Rs. 9,477 lakhs due to increase in Prepaid expenses and MAT credit entitlement.

Our approach to Human Resources has enabled us to be able to attract, integrate, develop and retain the talent required for driving sustainable growth. The continued focus on enhancing employee capabilities and benchmarking to be able to deliver best in class working environments have helped the Group to maintain its leadership in the Home Textile industry.

Our HR processes and systems have enabled us to be agile and responsive to the dynamic global environment that prevails today. We are focused to create a culture that is performance driven and recognizes innovation across the spectrum of activities within the Group. The Group employs over 4,500 people across its businesses.

During the year, the Company successfully concluded long term agreement at its Drapery and Upholstery manufacturing unit.

During the year, the Company received accolades and recognition at various fora in India and internationally for its HR practices. Among them were the Asian CSR Leadership Award in the category of "Developing Sustainable Strategies" awarded by the Asian Confederation of Businesses and "Best of Breed HR Showcase Award" at the National Annual Conference of the NHRD - National Human Resource Development Network.

Future Outlook

The Group aims to continue the growth momentum in Revenues and drive profitability by sweating existing assets across its Manufacturing, Retail and Distribution businesses. This will entail enhancing market share in existing markets as well as tapping new markets in line with the Group's strategy to expand global reach.

Our focus on Research and Development will lead the way for new product introductions in order to give the Group a strong product pipeline to drive sustainable growth.

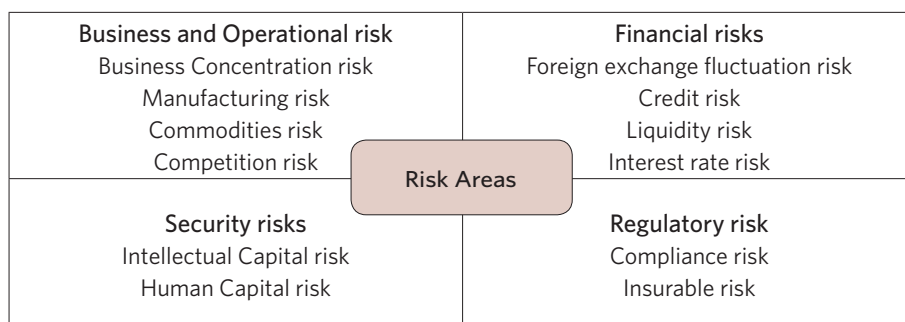

While we look to enhance revenue streams with new product introductions and enhanced market share, the Group will focus on stringent Cost optimization measures across the value chain to be able to deliver an improved operating performance.

RISK MANAGEMENT

The Group continuously explores opportunities for sustainable growth, efficiencies, profitability targets and enhance shareholder value. The increasing international business activities, ever changing demands of customers and significant foreign currency exposures entail opportunities and risks for the Group. The Risk management principles provide the framework to ensure that potential upsides are captured in the best possible manner within prudent limits.

The Group has well established internal control systems for operation of the Company and its subsidiaries. Finance department in partnership with other departments plan, implement and monitor the internal control systems.

The following is not an exhaustive list of risks associated with our business, and additional risks not currently known to us or that we currently deem not to be significant also may adversely affect our business, financial condition or results of operations in future periods.

Business and Operational risk:

Business concentration risk

A significant part of our revenue is earned from our customers in North America. Any change in consumption pattern in these markets affected by political or economic events specific to them could potentially affect our results.

The Group is actively pursuing opportunities in other geographies and evaluating alternative distribution networks in existing markets.

Manufacturing risk

A disruption at our manufacturing sites would significantly affect our production capabilities consequently impacting product deliveries.

The plants are designed to restrict the effect of unseen disruption on the manufacturing facilities. Further, risk evaluation is conducted and observations are implemented on a periodical basis.

Commodities risk

Our operating results may be adversely affected by increased costs, disruption in supply or shortages of raw materials and other supplies.

The Group continues to evaluate various alternative sourcing options so as to address requirements optimally.

Competition risk

Competition in the home textiles industry from producers in India, China and other developing countries may adversely affect our performance.

The Group maintains its competitive advantage by continuous investments in portfolio of brands, product designing and manufacturing capabilities and ensuring timely deliveries at competitive prices.

Financial risk:

Foreign exchange risk

The Group owns assets, incurs liabilities, earns revenues and pays expenses in currencies other than the Indian Rupee. Additionally, consolidated financial statements are presented in the Indian Rupee and hence financial statements are translated at exchange rates in effect during or at the end of each reporting period. Therefore, fluctuations in the exchange rates may have an adverse effect on our business results and financial position.

In order to control and limit risks arising from fluctuations in foreign exchange rates, the Board of Directors through its Risk Management Committee (RMC) has established Treasury Risk Management Policy (Policy). As per guidelines set by the Policy, a certain portion of the anticipated net flow of receipts and payments of the parent Company is hedged continuously during the year with maximum specified duration. In addition, contract based flows are fully hedged to protect the gross margin.

Foreign exchange risk arising out of translation of financial statements of overseas subsidiaries is not hedged.

Credit risk

Our commercial transactions subject the Group to credit risk principally consisting of trade receivables.

Credit risks on account of trade receivables are minimized mainly due to cash sales and factoring of receivables without recourse in case of large customers. For remaining trade receivables, the credit risk is diversified over a large number of customers and satisfactorily reflects the spread of sales.

Liquidity risk

Changes in the debt and capital markets, including market disruptions and limited liquidity could restrict the Company's access to potential source of future liquidity and payment commitments cannot be met as a result of insufficient liquidity.

The aim of the financing strategy is to maintain a well-balanced maturity profile of liabilities to minimize funding risk.

The net cash provided by operating activities, supplemented as necessary with borrowings available under our existing credit facilities and existing cash and equivalents and short-term investments, will provide sufficient resources to meet our current expected obligations, working capital requirements, debt service and other cash needs over the next year.

CRISIL, the credit rating agency, has assigned the CRISIL BBB / Stable outlook for long term borrowings and CRISIL A3 + for its short term borrowings.

Interest rate risk

Interest expenses are sensitive to fluctuations in level of interest rates.

The Group has a balanced portfolio of fixed rate and floating rate loans thereby minimizing impact on financial performance due to change in interest rates.

In line with the Risk Management Policy of the Company, Interest Rate Swaps are taken to ensure the mitigation of interest rate movements.

Security risk:

Intellectual capital risk

In addition to the brands that we manage, the Company's intellectual capital resides in its designs. There could be a potential risk of losing competitive advantage should there be an inadequacy in the protection of data.

To ensure design security, we have ring-fenced designs from the physical to the virtual networked environment with high security features. In addition, selective access to designs minimizes the loss of sensitive information.

Human capital risk

Our success is dependent upon ability to attract, hire, train and retain key employees and highly skilled workforce.

The Company has continually expanded its team in India and overseas with appropriate resources and related infrastructure to ensure that it is adequately addressed. The Himatsingka Learning Academy set up by the Company also, in part, addresses the requirements. The Company also conducts its in-house programs on a regular basis to identify and motivate its staff for higher performance.

Regulatory risk:

Compliance risk

Any failure to comply with various legal and regulatory requirements could result in imposition of penalties, suspension of business, etc., which could affect profitability.

The Group has established processes to ensure compliance with regulatory requirements. The Company has set up effluent treatment plant and other facilities to meet pollution control and other regulatory norms.

Insurable risk

The Company has customary insurance programs with respect to the Group's property and liability risks. As a natural consequence of the Group's various activities, measures to limit the impact of damages are taken continuously, often in cooperation with external insurance advisors. In such a context, standards for desired protection levels are established to reduce the probability of significant material damages.

CORPORATE GOVERNANCE

1. Company's Governance Philosophy

The Corporate Governance Code was introduced by the Securities and Exchange Board of India (SEBI) through the incorporation of new clause in the Listing Agreement of the Stock Exchanges and also through applicable provisions of the Companies (Amendment) Act, 2000. Corporate Governance refers to a combination of laws, regulations, procedures, implicit rules and good corporate practices which ensure that a Company meets obligations to optimize shareholders value and fulfill its responsibilities to the community, customers, employees, Government and other segments of society. Some of the important best practices of corporate governance framework are timely and accurate disclosure of information regarding the financial situation, performance, ownership and governance of the Company.

Over the years, your Company has complied with the principles of Corporate Governance emphasizing on transparency, empowerment, accountability and integrity. These have helped the Company enhance its stakeholder values.

Your Company will continue to focus its resources, strengths and strategies for creation and safeguarding of shareholders' wealth and at the same time protect the interests of all its shareholders while upholding the core values of excellence, integrity, responsibility, unity and understanding which are imperative to the Himatsingka Group.

Business Operations Overview and Outlook

The year 2012-13 was a period of relative stability for the Group. The Group generates a significant part of its revenues from the US and Europe and hence the results are affected by the state of the economy in these region. The US markets were relatively stable during the past year while the European environment was under continued stress and exhibited de-growth during the past year. The year also saw the Indian economy showing signs of a slowdown in its growth.

In these economic conditions, the consolidated revenues increased by 18.6% to Rs. 169,841 lakhs.

Prices of critical raw material inputs like Cotton and silk started firming up towards the second half of 2012.

Exceptional items gain of Rs. 356 lakhs in standalone results represent the impact of the transactions arising against a derivative contract designated as fair value through profit and loss.

Exceptional items in consolidated results include gain on exceptional item in standalone results compensated by loss on severance pay of Rs. 121 lakhs.

The Consolidated Profit After Tax for the year increased by 73.4% to Rs. 5,732 lakhs.

Prospects

Consumer spending in the US is expected to be stable during the current year. The housing sector in the US is showing signs of a rebound.

The large retailers prefer vertically integrated players like your Company, due to better product development capabilities and control over supply chain which consequently ensures higher service levels. The Group has developed strong in-house expertise to manage product development, sourcing, manufacturing and distribution of home textiles.

The Group is focused on maintaining growth and optimizing its Return on Assets through leveraging distribution capabilities, enhanced utilization of manufacturing capacities and cost optimization measures.

Growth initiatives during the year

The Group continues to explore various ways of reaching out to new customers, enhancing focus on its brands and launching value added products leading to the growth in sales.

The retail business "atmosphere" launched its first online store "atmospheredirect.com". This e-commerce initiative is part of its overall focus to expand its customer base and provide an enhanced shopping experience.

As part of an overall initiative to enhance the operational and financial cohesiveness in the businesses the Company has implemented an ERP package for all locations of its manufacturing and retail divisions in India.

At the beginning of the year, the Company held through its subsidiary Himatsingka America Inc., USA (HimA) , 80% shareholding in Divatex. During the year the Company acquired the remaining 20% stake from the minority shareholder and currently has 100% shareholding.

Annual accounts of the subsidiaries

In accordance with the general circular issued by the Ministry of Corporate Affairs, Government of India, the Balance Sheet, Statement of Profit and Loss and other documents of the subsidiary companies are kept for inspection at the Registered Office of the Company and that of the respective subsidiary companies. The Company will make available the annual accounts of the subsidiary companies and the related detailed information to any member of the Company who may be interested in obtaining the same. The Consolidated financial statements presented by the Company include the financial results of its subsidiary companies. Further, a statement containing the particulars prescribed under the terms of the said exemption for each of the Company's subsidiaries is also forming part of the Consolidated financial statements.

Subsidiary Companies and consolidated financial statements

As on 31st March 2013, the Company had the following subsidiaries:

Himatsingka Wovens Private Limited, Himatsingka America, Inc., Divatex Home Fashion Inc. DWI Holdings Inc., Giuseppe Bellora S.p.A., Himatsingka Singapore Pte Ltd and Twill & Oxford LLC.

There has been no material change in the nature of the business of these subsidiaries.

In 2012-13, the Company through its 100% subsidiary Himatsingka America Inc. acquired the remaining 20% minority stake in Divatex Home Fashion Inc.

The annual accounts of these subsidiary companies have been consolidated with the accounts of Himatsingka Seide Limited.

The Ministry of Corporate Affairs, Government of India has issued a Circular No. 2 /2011 dated 8th February 2011 granting general exemption to Companies under Sec 212(8) from attaching the documents referred to in Sec 212 (1) pertaining to its subsidiaries, subject to approval by the Board of Directors of the Company and furnishing of certain financial information in the Annual Report.

The Board of Directors of the Company has accordingly decided to dispense with the requirement of attaching to its Annual Report the annual audited accounts of the Company's subsidiaries.

Accordingly, the Annual Report of the Company does not contain the individual financial statements of these subsidiaries, but contains the audited consolidated financial statements of the Company and its subsidiaries. The Annual Accounts of these subsidiary companies, along with the related information, is available for inspection at the Company's registered office and copies shall be provided on request. The statement pursuant to the approval under section 212(8) of the Companies Act, 1956, is annexed together with the Annual Accounts of the Company.

Research and development

Research and development continues to provide valuable support to our exports and has helped us to keep pace with a dynamically changing market. We continue to give in-house research and innovation the highest priority.

Environment, safety, energy conservation and technology absorption

Safety and environmental protection remain a key area of focus for the Company. Investments are continuously made in projects that reduce / treat waste and increase energy efficiencies.

We regularly upgrade our effluent treatment and water recycling plants to keep abreast with technological advancements. By avoiding carcinogenic azo class dyes, we ensure eco-friendly production and worker safety. Our endeavor has been to maximize the efficient use of energy and ensure the safe and responsible discharge of residual wastes, while minimizing any adverse environmental impact and waste generation.

TO THE MEMBERS OF HIMATSINGKA SEIDE LIMITED

We have examined the compliance of conditions of Corporate Governance by Himatsingka Seide Limited ("the Company"), for the year ended on March 31, 2013, as stipulated in Clause 49 of the Listing Agreement of the said Company with the Stock Exchange.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination has been limited to a review of the procedures and implementations thereof, adopted by the Company for ensuring compliance with the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 the above-mentioned listing agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITORS' REPORT ON STANDALONE FINANCIAL STATEMENT

TO THE MEMBERS OF HIMATSINGKA SEIDE LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of HIMATSINGKA SEIDE LIMITED ("the Company") which comprise the Balance Sheet as at March 31, 2013, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956 ("the Act") and in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2013;
- b) in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date and
- c) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Emphasis of Matter

As referred to in Note 36(3) of the Financial Statement, in accordance with the hedge accounting principles per Accounting Standard (AS) 30 "Financial Instruments: Recognition and Measurement", from April 01, 2012 the Company designated pre-shipment credit ("PCFC") which are taken and repayable in foreign currency from future exports, as hedging instrument to hedge its foreign currency risk against such committed export sales. The exchange gain / loss on such hedging, where the hedge is effective, is transferred to the Hedge Reserve in the Balance Sheet. As per the principles all such items in the Hedge reserve will be transferred back to the Statement of Profit and Loss on occurrence of the hedged transaction. The net exchange gain in respect of the above as on March 31, 2013 was Rs. 185 Lakhs.

Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government in terms of Section 227(4A) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required under provisions of Section 227(3) of the Act, we report that:
 - a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books.
 - d) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement comply with the Accounting Standards referred to in Section 211(3C) of the Act.
 - e) On the basis of written representations received from the directors as on March 31, 2013 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2013 from being appointed as a director in terms of Section 274(1)(g) of the Act.

ANNEXURE TO THE AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- i) Having regard to the nature of the Company's business / activities, during the year, clauses vi, xii, xiii, xiv, xix, xx of paragraph 4 of the Order are not applicable to the Company.
- ii) In respect of its fixed assets:
 - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b) The fixed assets were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
 - c) The fixed assets disposed off during the year, in our opinion, do not constitute a substantial part of the fixed assets of the Company and such disposal has, in our opinion, not affected the going concern status of the Company.
- iii) In respect of its inventory:
 - a) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals.
 - b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the Management were reasonable and adequate in relation to the size of the Company and the nature of its business.
 - c) In our opinion and according to the information and explanations given to us, the Company has maintained proper records of its inventories and no material discrepancies were noticed on physical verification.
- iv) In respect of loans, secured or unsecured, granted by the Company to companies, firms or other parties covered in the Register maintained under Section 301 of the Companies Act 1956, according to the information and explanations given to us:
 - a) The Company has granted loans aggregating Rs. 6,901.22 lakhs to one subsidiary during the year. At the year-end, the outstanding balances of such loans aggregated to Rs. 9,970.72 lakhs (from two subsidiaries) and the maximum amount involved during the year was Rs. 9,970.72 lakhs (from two subsidiaries).
 - b) The rate of interest and other terms and conditions of such loans are, in our opinion, *prima facie*, not prejudicial to the interests of the Company.
 - c) The receipts of principal amounts and interest have been as per stipulations.
 - d) There are no overdue amounts in respect of such loans remaining outstanding as at the year-end

In respect of loans, secured or unsecured, taken by the Company from companies, firms or other parties covered in the Register maintained under Section 301 of the Companies Act, 1956, according to the information and explanations given to us:

NOTES TO FINANCIAL STATEMENTS

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting and preparation of financial statements

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention and on accrual basis. GAAP comprises mandatory accounting standards as specified in the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 1956 and guidelines issued by the Securities and Exchange Board of India.

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year except for change in the accounting policy for accounting of derivatives as more fully described in Note 36.

2. Use of estimates

The preparation of the financial statements in conformity with GAAP requires, the Management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statement and reported amounts of revenues and expenses for the year. Actual results could differ from these estimates. Any revision is recognised prospectively in current and future periods.

3. Fixed assets

3.1 Tangible assets: Tangible assets are stated at cost less accumulated depreciation. Cost includes all costs relating to acquisition and installation of tangible assets including any incidental costs of bringing the assets to their working condition for their intended use.

3.2 Intangible assets: Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any duties and taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase / completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

3.3 Capital Work in Progress: Expenditure during construction period in respect of new projects, for tangible and intangible assets, is included under capital work-in-progress and the same is allocated to the fixed assets on the commissioning of the respective projects.

3.4 Borrowing costs: Borrowing costs directly attributable to acquisition or construction of qualifying fixed assets, which necessarily take a substantial period of time to get ready for their intended use, are capitalised.

4. Depreciation

4.1 Depreciation is provided on straight line method in accordance with schedule XIV of the Companies Act, 1956, except in respect of assets referred in Para 4.2, 4.3, 4.4, 4.5 and 4.6 below, based on technical estimates that indicate that the useful lives would be comparable with or higher than those arrived at using these rates.

Pursuant to revision dated 16.12.1993 in Schedule XIV of the Companies Act, 1956, the Company has been providing depreciation as per the revised rates in respect of assets acquired on or after that date and all other assets have been depreciated at the old rates.

4.2 In respect of leasehold building and improvements to leasehold premises, depreciation has been provided over the unexpired portion of the primary lease period.

4.3 Leasehold land is amortised over the period of lease.

4.4 In the following cases, where the useful lives are estimated to be lower than those considered in determining the rates specified in Schedule XIV of the Companies Act, 1956, the Company has considered higher rates of depreciation:

EDP & Electronic Office Equipments	-	25%
Other Office Equipments	-	15%
Furniture and Fixtures	-	10%
Vehicles	-	15%

4.5 In respect of assets for which impairment loss has been recognised, the depreciation charge has been adjusted to allocate the revised carrying amount, on a systematic basis over its remaining useful life.

4.6 In case of assets purchased during the year, individually costing less than Rs. 5,000 have been depreciated 100% in the year of purchase.

NOTES TO FINANCIAL STATEMENTS

5. Impairment of assets

At each balance sheet date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss.

Impairment losses recognised in prior years, if any, are reversed when there is an indication that the recognised impairment losses for the asset, no longer exist or have decreased. However, the increase in carrying amount of an asset due to reversal of an impairment loss is recognised to the extent it does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognized for the asset in prior years.

6. Investments

Long term investments are stated at cost less provision for other than temporary diminution in value, if any.

Current investments, comprising investments in mutual funds, are stated at lower of cost and fair value, determined on a portfolio basis.

7. Inventories

Inventories of raw materials, stores and spares, work-in-progress and finished goods are valued at lower of cost and estimated net realisable value. Cost is ascertained on weighted average basis. Cost of finished goods and work-in-progress includes an appropriate proportion of conversion cost.

8. Government grants

Government grants are accounted on accrual basis in accordance with the terms of the grant.

9. Revenue recognition

Revenue from sale of goods is recognised on the transfer of title in the goods which generally coincides with dispatch and is stated net of discounts and sales tax but inclusive of excise duty.

Excise duty on turnover is reduced from turnover.

Dividend income is recognised when the right to receive the dividend is established.

Interest on investments is booked on a time-proportion basis taking into account the amounts invested and the rate of interest.

10. Employee benefits

a) Post-employment benefit plans:

Payments to defined contribution plans, such as provident fund are charged as an expense as they fall due.

For defined benefit plans, such as gratuity, the cost of providing benefits is determined based on actuarial valuation made by an independent actuary using projected unit credit method, as at each balance sheet date. The actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately in the statement of profit and loss.

The benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme.

b) Short term employee benefits:

The undiscounted portion of short-term employee benefits expected to be paid in exchange for the services rendered by the employees is recognised during the period when the employee renders service. These benefits include compensated absences such as paid annual leave.

11. Foreign currency

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currency are restated at the rate prevailing on the date of balance sheet. The exchange

NOTES TO FINANCIAL STATEMENTS

differences arising on settlement / restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the statement of profit and loss.

Premium or discount on forward contract, that are not intended for trading or speculation purposes, are amortised over the life of such contract and is recognised as an expense or income. Any profit or loss arising on cancellation, renewal or restatement of forward contract is recognised in the statement of profit and loss.

Refer Note 1 (12), below, for accounting for forward exchange contracts relating to firm commitments and highly probable forecast transactions.

12. Derivative Contracts and Hedge Accounting

The Company is exposed to currency fluctuations risk on foreign currency assets, liabilities, net investment in non-integral foreign operations and forecasted cash flows denominated in foreign currency, and is also exposed to interest rate fluctuations on floating interest rate borrowings. The Company follows a risk management policy of covering this risk through a combination of forward contracts, options, swaps and other derivative contracts.

With effect from April 1, 2011, the Company has adopted the principles of derivative and hedge accounting specified under Accounting Standard 30 (AS 30), "Financial Instruments: Recognition and Measurement", to the extent they have not been dealt with and do not conflict with the accounting standards as notified under Section 211 (3C) of the Companies Act, 1956.

In accordance with the principles set out in AS 30, changes in fair value of derivative contracts designated as effective cash flow hedges are recognised directly in Hedge reserve account under Reserves and surplus and reclassified into Statement of Profit and Loss upon the occurrence of the underlying hedged transaction. In case, the hedging instrument expires, sold, terminated or the underlying transaction is no longer expected to occur the net gain or loss recognised in the Hedge reserve account is transferred to the Statement of Profit and Loss.

The changes in fair values of instruments designated at fair value through profit and loss are adjusted in the Statement of Profit and Loss.

13. Earnings per share

Basic earnings per share is computed by dividing net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding for the period. The weighted average numbers of shares outstanding during the period are adjusted for events of bonus issue and share split.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

14. Income tax

Income tax comprises the current tax, fringe benefit tax and the net change in the deferred tax asset or liability during the year. Current tax and fringe benefit tax are determined in accordance with the provisions of the Income Tax Act, 1961 after considering tax allowances and exemptions.

Minimum alternate tax (M.A.T) paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the balance sheet when it is probable that future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

Deferred tax assets and liabilities are recognised for the estimated future tax consequences of temporary differences between the carrying values of the assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates applicable on the balance sheet date. Deferred tax assets are recognised and carried forward to the extent that there is a reasonable / virtual certainty (as applicable) that sufficient future taxable income will be available against which such deferred tax asset can be realised. The effect on deferred tax assets and liabilities resulting from change in tax rates is recognized in the income statement in the period of enactment of the change.

15. Provisions and contingencies

A provision is recognised when the Company has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised but are disclosed in the notes to the financial statement. A contingent asset is neither recognised nor disclosed

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENT

TO THE BOARD OF DIRECTORS OF HIMATSINGKA SEIDE LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of HIMATSINGKA SEIDE LIMITED (the "Company") and its subsidiaries (the Company and its subsidiaries constitute "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2013, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

The Company's Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors on the financial statements / financial information of the subsidiaries referred to below in the Other Matter paragraph, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2013
- b) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- c) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Emphasis of Matter

As referred to in Note 35(3) of the Consolidated Financial Statements, in accordance with the hedge accounting principles per Accounting Standard (AS) 30 "Financial Instruments: Recognition and Measurement", from April 01, 2012 the Company designated pre-shipment credit ("PCFC") which are taken and repayable in foreign currency from future exports, as hedging instrument to hedge its foreign currency risk against such committed export sales. The exchange gain / loss on such hedging, where the hedge is effective, is transferred to the Hedge Reserve in the Consolidated Balance Sheet. As per the principles all such items in the Hedge reserve will be transferred back to the Consolidated Statement of Profit and Loss on occurrence of the hedged transaction. The net exchange gain in respect of the above as on March 31, 2013 was Rs. 185 Lakhs.

Our opinion is not qualified in respect of this matter.

Other Matter

We did not audit the financial statements / financial information of 3 subsidiaries whose financial statements / financial information reflect total assets (net) of Rs. 10,353 Lakhs as at March 31, 2013, total revenues of Rs. 10,613 Lakhs and net cash inflows amounting to Rs. 602 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors.

Our opinion is not qualified in respect of this matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting and preparation of financial statements

The consolidated financial statements of Himatsingka Seide Limited ('the Company') and its subsidiary companies, collectively referred to as 'the Group' are prepared in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention on the accrual basis of accounting. GAAP comprises the mandatory Accounting Standards ('AS') issued under the Companies (Accounting Standards) Rules, 2006 ("the Rules").

The financial statements of the entities in the Group used in the consolidation are drawn up to the same reporting date as of the Company i.e. March 31, 2013.

2. Principles of consolidation

- The consolidated financial statements have been prepared in accordance with the principles and procedures for the preparation and presentation of consolidated financial statements as laid down under AS 21 – Consolidated Financial Statements prescribed under the Rules. The consolidated financial statements are prepared by applying uniform accounting policies in use at the Group.
- The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenses after eliminating intra-group balances, intra-group transactions and unrealised profits or losses. The amount shown in respect of reserves comprises the amount of the relevant reserves as per the balance sheet of the Company and its share in the post-acquisition change in the relevant reserve of subsidiaries.
- Minority interest represents the amount of equity attributable to the minority shareholders at the dates on which investment in a subsidiary is made by the Company and its share of movements in the equity subsequent to the dates of investments as stated above.
- The excess of cost to the Company of its investments in the subsidiary companies over its share of the equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made, is recognised as goodwill, being an asset in the consolidated financial statements. Where the share of the equity in the subsidiary companies as on the date of investment is in excess of cost of investment of the Company, it is recognized as capital reserve and shown under the head Reserves and surplus.
- Information on subsidiary companies

The list of subsidiary companies included in the consolidated financial statements is as under:

Name of the entity	Country of incorporation	% ownership held either directly or through subsidiaries	
		March 31, 2013	March 31, 2012
Himatsingka Wovens Private Limited	India	100%	100%
Himatsingka America, Inc.	United States of America	100%	100%
Giuseppe Bellora S.p.A.	Italy	70%	70%
DWI Holdings, Inc.	United States of America	100%	100%
Divatex Home Fashion, Inc	United States of America	100%	80%
Twill & Oxford LLC	United Arab Emirates	49%	49%
Himatsingka Singapore Pte Limited	Singapore	100%	100%

- ◆ In terms of the Memorandum and Articles of Association, the composition of the Board of Directors of Twill & Oxford LLC is controlled by the Company and hence it has been considered as subsidiary for the purpose of consolidation.
- ◆ In respect of Divatex Home Fashion, Inc. and DWI Holdings, Inc., ownership is held through Himatsingka America, Inc.
- ◆ In respect of Himatsingka Singapore Pte Limited, ownership is held through Himatsingka Wovens Private Limited.
- ◆ GBT S.r.L. (a subsidiary of Giuseppe Bellora S.p.A.) is under liquidation and therefore has not been considered for consolidation. Provisions for losses of GBT S.r.L. has been made in the financial statements.
- ◆ Figures pertaining to the subsidiary companies have been regrouped / reclassified wherever necessary to bring them in line with the Company's financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

3. Use of estimates

The preparation of the financial statements in conformity with GAAP requires, the Management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statement and reported amounts of revenues and expenses for the year. Actual results could differ from these estimates. Any revision is recognised prospectively in current and future periods.

4. Fixed assets

- 4.1 **Tangible assets:** Tangible assets are stated at cost less accumulated depreciation. Cost includes all costs relating to acquisition and installation of tangible assets including any incidental costs of bringing the assets to their working condition for their intended use.
- 4.2 **Intangible assets:** Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any duties and taxes (other than those subsequently recoverable from the taxing authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase / completion is recognised as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.
- 4.3 **Capital work in progress:** Expenditure during construction period in respect of new projects, for tangible and intangible assets, is included under capital work-in-progress and the same is allocated to the fixed assets on the commissioning of the respective projects.
- 4.4 **Borrowing costs:** Borrowing costs directly attributable to acquisition or construction of qualifying fixed assets, which necessarily take a substantial period of time to get ready for their intended use, are capitalised.

5. Depreciation

Fixed assets are depreciated over the estimated useful lives as determined by the Management or over the lives determined based on rates of depreciation specified under various applicable statutes, whichever is shorter, on a straight line method.

In respect of leasehold building and improvements to leasehold premises, depreciation has been provided over the unexpired portion of the primary lease period.

Leasehold land is amortised over the period of lease.

Purchased goodwill is amortised over a period of ten years.

Depreciation rates used for various classes of assets are:

Buildings	- 1.63% to 7.07%
Plant and machinery	- 4.75% to 25.00%
Furniture and fixtures	- 10.00% to 20.00%
Office equipment	- 12.00% to 15.00%
EDP and electronic office equipments	- 20.00% to 25.00%
Motor vehicles	- 15.00% to 25.00%
Software and related cost	- 20.00% to 25.00%

In respect of assets for which impairment loss has been recognised, the depreciation charge has been adjusted to allocate the revised carrying amount, on a systematic basis over its remaining useful life.

6. Impairment of assets

At each balance sheet date, the Group assesses whether there is any indication that an asset suffered may be impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Impairment losses recognized in prior years, if any, are reversed when there is an indication that the recognised impairment losses for the asset no longer exist or have decreased. However, the increase in carrying amount of an asset due to reversal of an impairment loss is recognised to the extent it does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognized for the asset in prior years.

7. Investments

Long term investments are stated at cost less provision for permanent diminution in value, if any.

Current investments are carried at lower of cost and fair value.

8. Inventories

Inventories of raw materials, stores and spares, work-in-progress and finished goods are valued at lower of cost and estimated net realisable value. Cost is ascertained on weighted average basis. Cost of finished goods and work-in-progress includes an appropriate proportion of conversion cost based on normal operating capacity.

9. Government grants

Government grants are accounted on accrual basis in accordance with the terms of the grant.

10. Revenue recognition

Revenue from sale of goods is recognised on the transfer of title in the goods which generally coincides with dispatch and is stated net of discounts and sales tax but inclusive of excise duty.

Excise duty on turnover is reduced from turnover.

Dividend income is recognised when the right to receive the dividend is established.

Interest on investments is booked on a time-proportion basis taking into account the amounts invested and the rate of interest.

11. Retirement benefits

a) Post-employment benefit plans:

Payments to defined contribution plans, such as provident fund are charged as an expense as they fall due.

For defined benefit plans, the cost of providing benefits is determined based on actuarial valuation made by an independent actuary using projected unit credit method, as at each balance sheet date. The actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately in the statement of profit and loss.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the scheme.

b) Short term employee benefits:

The undiscounted portion of short-term employee benefits expected to be paid in exchange for the services rendered by the employees is recognised during the period when the employee renders service. These benefits include compensated absences such as paid annual leave.

12. Foreign currency

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are restated at the rate prevailing on the date of balance sheet. The exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities are recognised as income or expense in the statement of profit and loss.

Premium or discount on forward contract is amortised over the life of such contract and is recognised as income or expense. Any profit or loss arising on cancellation, renewal or restatement of forward contract is recognised in the statement of profit and loss.

Refer Note 1 (13), below, for accounting for forward exchange contracts relating to firm commitments and highly probable forecast transactions.

The financial statements of the foreign subsidiaries being integral operations are translated into Indian rupees as follows:

- Assets and liabilities other than non-monetary items are translated at the exchange rate prevailing on the balance sheet date. Non-monetary items are carried at historical cost.

- Revenue and expenses are translated at average exchange rates as applicable.
- The resulting exchange differences are recognised as income or expense in the statement of profit and loss.

The financial statements of the foreign subsidiaries being non-integral operations are translated into Indian rupees as follows:

- Assets and liabilities, both monetary and non-monetary are translated at the exchange rate prevailing on the balance sheet date.
- Revenue and expenses are translated at average exchange rates as applicable.
- The resulting exchange differences are accumulated in a foreign currency translation reserve which is reflected under Reserves and Surplus.

13. Derivative Contracts and Hedge Accounting

The Company is exposed to currency fluctuations risk on foreign currency assets, liabilities, net investment in non-integral foreign operations and forecasted cash flows denominated in foreign currency, and is also exposed to interest rate fluctuations on floating interest rate borrowings. The Company follows a risk management policy of covering this risk through a combination of forward contracts, options, swaps and other derivative contracts.

With effect from April 1, 2011, the Company has adopted the principles of derivative and hedge accounting specified under Accounting Standard 30 (AS 30), "Financial Instruments: Recognition and Measurement", to the extent they have not been dealt with and do not conflict with the accounting standards as notified under Section 211 (3C) of the Companies Act, 1956.

In accordance with the principles set out in AS 30, changes in fair value of derivative contracts designated as effective cash flow hedges are recognised directly in 'Hedge Reserve' account under Reserves and surplus and reclassified into Statement of Profit and Loss upon the occurrence of the underlying hedged transaction. In case, the hedging instrument expires, sold, terminated or the underlying transaction is no longer expected to occur the net gain or loss recognised in the 'Hedge Reserve' account is transferred to the Statement of Profit and Loss.

The changes in fair values of instruments designated at fair value through profit and loss are adjusted in the Statement of Profit and Loss.

14. Earnings per share

Basic earnings per share is computed by dividing net profit after tax by the weighted average number of equity shares outstanding for the period. Diluted earnings per share has not been computed as the Group has not issued any dilutive potential equity shares.

15. Income tax

Income tax comprises the current tax, the net change in the deferred tax asset or liability in the year and the fringe benefit tax. Current tax and fringe benefit tax for the Indian entities are determined in accordance with the provisions of the Income Tax Act, 1961 after considering tax allowances and exemptions. Current tax for the foreign subsidiaries is based on the relevant tax regulations prevalent in the respective countries.

Minimum alternate tax (MAT) paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the balance sheet when it is probable that future economic benefit associated with it will flow to the Group and the asset can be measured reliably.

Deferred tax assets and liabilities are recognised for the estimated future tax consequences of temporary differences between the carrying values of the assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates applicable on the balance sheet date. Deferred tax assets are recognised and carried forward to the extent that there is a reasonable / virtual certainty (as applicable) that sufficient future taxable income will be available against which such deferred tax asset can be realised. The effect on deferred tax assets and liabilities resulting from change in tax rates is recognized in the income statement in the period of enactment of the change.

16. Provisions and contingencies

A provision is recognised when the Group has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised but are disclosed in the notes to the financial statement. A contingent asset is neither recognised nor disclosed.
