

- The Drapery and Upholstery division at Doddaballapur Bangalore has changed its status from an EOU to a DTA with effect from 5th November, 2015
- The Bedding Division at Hassan was converted from a SEZ to a DTA with effect from 20th November 2015. The land contiguous with the said unit has also been converted from an SEZ to a DTA with effect from 27th January 2016.

With these changes as mentioned above, we expect our Manufacturing divisions to get the benefit of ease of operations as well as a beneficial incentive structure typical to this industry.

- As disclosed earlier the Rs. 1281 Crores expansion plan of the Group entails investments in enhancing the group's current Sheeting capacity, backward integration into Spinning and a foray into Terry Towels. The investments are being carried out in phases over the next three years. The expansion is progressing as scheduled and as mentioned on earlier calls the group estimates to commission its enhanced sheeting capacity by June 2016.
- As stated in the earlier quarter the group remains focussed on sweating its assets across its manufacturing and distribution divisions. While we have seen an uptick on the manufacturing front over the last few quarters, we estimate a larger time frame for our initiatives to fructify on the distribution front across North America/Europe / India & Asia.
- Going into FY 17 we see a better operating performance over our manufacturing and distribution divisions. This will be further aided by the new sheeting capacities that are expected to be on stream in FY 17.
